

Cannabis Online Program

AAPS

A woman in a grey shirt and black pants stands at the front of a conference room, gesturing with her hands. She is facing an audience of people seated in rows of black chairs. The audience members are seen from behind, wearing light blue shirts. A large screen at the front displays a bar chart. The room has wood-paneled walls. A large orange L-shaped graphic is in the top left corner. The text "Who We Are" is overlaid in white, with a thin orange horizontal line under the word "Who".

About Us

AAPS is a registered college by the Ministry of Colleges and Universities since 2003 and recognized and approved by the International Association of Continuing Education and Training (IACET) – USA since 2011.

AAPS is a leader in training and professional development in the Food, Nutrition, Healthcare, Cosmetics, Clinical, Pharmaceutical, Cannabis, and Medical Device Industries.

We have developed an excellent reputation, strong track record, high student satisfaction and employment rating with domestic and international students. Our faculty is comprised of industry experts administering the latest curricula in modern classrooms and fully equipped laboratories. AAPS offers our cannabis certificate and diploma programs in-class as well as online. Our program is comprehensive and cost effective with flexible payment plans and OSAP available for students (international and domestic).

The background image shows a person's hands holding a black graduation cap in the left hand and a large pile of gold coins in the right hand. The person is wearing a white lab coat. A large orange L-shaped graphic is in the top left corner. The text 'Career Services & Co-Op' is centered in white, with a thin orange line under the word 'Co-Op'.

Career Services & Co-Op

Career Services & Co-Op

AAPS offers a dedicated Student Affairs Department for your career development as well as co-op job placements. We have worked diligently to develop partnerships with leading licensed producers across the GTA and Canada and provide direct industry experience to our graduates. In addition, we offer you one-on-one career management meetings with a Student Affairs Councilor, providing career advice and assistance in resume writing and honing your interview skills.

We also work collaboratively with companies to provide referral and placement services exclusive to AAPS students and graduates placing hundreds of prospective employees with leading companies!

Job Opportunities

Job Opportunities

The cannabis industry is creating a wealth of career opportunities and is quickly becoming one of the fastest growing industries in Canada. As a result, there are a growing number of positions within the industry that require trained professionals with a specialized skill set. Job opportunities upon graduation may include:

- Quality Assurance Associate/Technician
- Quality Control Associate/Technician
- Auditor/Inspector
- Technical Writer
- Product Control Technician
- Production Technician
- Production Coordinator
- Cultivation Technician
- Cultivation Supervisor
- Processing Technician
