AAPS

A woman in a grey shirt and black pants stands at the front of a conference room, gesturing with her hands. She is facing an audience of people seated in rows of black chairs. The audience members are seen from behind, wearing light blue shirts. A large screen at the front displays a bar chart. The room has wood-paneled walls. A large orange L-shaped graphic is in the top left corner. The text "Who We Are" is overlaid in white, with a thin orange horizontal line under the word "Who".

## About Us

AAPS is a registered college by the Ministry of Colleges and Universities since 2003 and recognized and approved by the International Association of Continuing Education and Training (IACET) – USA since 2011.

AAPS is a leader in training and professional development in the Food, Nutrition, Healthcare, Cosmetics, Clinical, Pharmaceutical, Cannabis, and Medical Device Industries.

We have developed an excellent reputation, strong track record, high student satisfaction and employment rating with domestic and international students. Our faculty is comprised of industry experts administering the latest curricula in modern classrooms and fully equipped laboratories. AAPS offers certificate and diploma programs in-class as well as online. Our program is comprehensive and cost effective with flexible payment plans and OSAP available for students (international and domestic).

# Food and Edible Technology, Safety and Quality Diploma Program Overview

---

## Program Outline

The Food and Edible Technology, Safety and Quality Diploma Program is designed to help students develop a hands-on approach to food safety and quality, while allowing them the opportunity to earn food safety certification. The program incorporates the specialized knowledge and skills required to implement the fundamental principles of quality assurance. Additionally, the program is designed to be equally useful for entry level or ongoing career development in the food and beverage industry.

## Program Details

- Certifications Awarded: Diploma
- Duration: 44 Weeks
- Admission Requirement: High School or Mature Student (or higher level of education)

# Food and Edible Technology, Safety and Quality Diploma Program

FESQ01 Food and Edible Fundamentals of Quality Assurance

FESQ02 Food and Edible Plants Cleaning and Sanitation

FESQ03 Food and Edible Chemistry

FESQ04 Food and Edible Processing Introduction

FESQ05 Food and Edible Product Development

FESQ06 Food and Edible Microbiology Laboratory

FESQ07 Food and Edible Science

FESQ08 Food and Edible Safety Management  
(GMPs, HACCP, PCP, BRC, and SQF)

FESQ09 Food and Edibles Regulations

FESQ10 Food and Edible Introduction to Chemistry

FESQ11 Food Fraud

FESQ12 Food and Edibles Project

IN CLASS

A person wearing a white lab coat is shown from the chest up, holding a black graduation cap in their left hand and a large pile of gold coins in their right hand. The background is blurred, showing what appears to be a laboratory or office setting. A large blue L-shaped graphic is in the top left corner. The text 'Career Services & Co-Op' is centered over the image in white, with a thin orange line underlining the word 'Co-Op'.

# Career Services & Co-Op

## Career Services & Co-Op

AAPS offers a dedicated Career Services Department for your career development as well as co-op job placements. We have worked diligently to develop partnerships with companies leading pharmaceutical, food and clinical companies across the GTA and Canada to provide direct industry experience to our graduates. In addition, we offer you one-on-one career management meetings with a Student Affairs Councilor, providing career advice and assistance in resume writing and honing your interview skills.

We also work collaboratively with companies to provide referral and placement services exclusive to AAPS students and graduates placing hundreds of prospective employees with leading companies!

# Job Opportunities

## Job Opportunities

Job opportunities upon graduation may include:

- Quality Assurance
- Plant Sanitation
- Production Associate
- Technical Services
- Food Safety and Quality Assurance
- Microbiologist Technician
- Product Development Technologist
- Regulatory Affairs
- Research & Development
- Product Testing
