

## **Schedule K: Sexual Violence and Sexual Harassment Policy**

### **1. Policy Application**

This Policy solely addresses sexual violence involving students enrolled at AAPS, but all members of the AAPS community including students, staff, faculty, administrators, contract service providers, contractors, officers, directors, and individuals who are directly connected to any of AAPS' initiatives, volunteers, and visitors ("AAPS Members") will be bound by it.

### **2. The Scope**

This Policy applies to complaints of sexual violence or sexual harassment that have occurred on the AAPS campus or at AAPS events and involve AAPS Members.

### **3. Purpose and Intent**

All AAPS Members have a right to study and work in an environment free of sexual violence and sexual harassment from another AAPS Member. This document sets out our policy on sexual violence and sexual harassment, defines the prohibited behaviours, and outlines our investigative processes for sexual violence and sexual harassment whether it be in the educational or workplace context. We will respond to and address incidents of sexual violence under this process, and not under the Ontario Occupational Health and Safety Act.

### **4. Policy Objectives**

AAPS is committed to providing AAPS Members with:

- (i) educational and working environments free from sexual violence and sexual harassment; and,
- (ii) treating those individuals who report incidents of sexual violence or sexual harassment with dignity and respect.

To that end AAPS will:

1. In consultation with its students and any health and safety committees set up for said purpose, maintain a program to implement this Policy and its updates as well as seek student input into its review;

2. Educate and train AAPS Members about this Policy and how to identify situations that involve, or could progress into sexual violence or sexual harassment and how to reduce these forms of prohibited behaviours;
3. Require all contractor service providers and contractors to read and agree to abide by this Policy when attending on AAPS' premises and/or when having any interaction or involvement with an AAPS Member.

Where a complaint has been made under this Policy of sexual violence or sexual harassment, AAPS will take all reasonable steps to investigate it, including as follows:

1. Responding promptly to any complaint as is appropriate in the circumstances, including whether to conduct an investigation, and providing reasonable updates to the complainant and the respondent about the status of the complaint and/or investigation;
2. Assisting those who have experienced harassment, sexual violence or sexual harassment in obtaining counselling and medical care, as applicable;
3. Providing those who have experienced harassment, sexual violence or sexual harassment with appropriate academic and other accommodation, as applicable;
4. Providing those who have experienced workplace harassment, sexual violence or sexual harassment with information about reporting options; and
5. Providing on-campus investigation procedures for workplace harassment, sexual violence and sexual harassment complaints.

## **6. Reporting and Responding to Sexual Misconduct Against Students**

All AAPS Members will take all reasonable steps to prevent sexual violence against students on our college campus or at events and report immediately to the Manager of Student Services if they are subject to, witness, or have knowledge of sexual violence, or have reason to believe that sexual violence has occurred or may occur. For clarity, this includes any sexual harassment of a student by another AAPS Member. Where the Manager of Student Services is the alleged harasser, then AAPS Members can report to AAPS' President.

Upon receiving a written complaint, AAPS will determine on a case-by-case basis whether it is appropriate in the circumstances to hire a qualified, independent third party to investigate a complaint filed under this Policy.

To the extent it is possible, the Manager of Student Services or the President will attempt to keep all information obtained about an incident or complaint, including identifying information about any individuals involved, confidential except in those circumstances where disclosure is necessary for the purposes of investigating or taking corrective action with respect to the incident, where required by law, where AAPS believes an individual is at imminent risk of self-harm and/or of harming another, or where there are reasonable grounds to believe that others in our community are at risk. For clarity, College students must use this Policy and not College's General Student Complaint Procedure where the complaint involves sexual violence, including sexual harassment.

AAPS recognizes the right of the complainant to determine whether her or his complaint will be dealt with by the police and/or AAPS or at all. However, in certain circumstances, AAPS may be required by law or its internal policies to initiate an internal or on-campus investigation and/or inform police without the complainant's consent, if it believes the safety of AAPS Members is at risk. For clarity, this means that

even if a complainant decides not to lay a formal complaint or file a written complaint under this Policy, AAPS may in certain circumstances, be required by law or its internal policies to initiate an internal or on-campus investigation or inform the police of the events surrounding the complaint.

Students are not required to report an incident of, or make a complaint about, sexual violence in order to obtain the supports and services. For supports and services, please refer to Section 14: Resources for Victims.

If students, in good faith, report an incident of, or make a complaint about, sexual violence, they will not be subject to discipline or sanctions for violations of the career college's policies relating to drug or alcohol use at the time the alleged sexual violence occurred.

Students who disclose their experience of sexual violence through reporting an incident of, making a complaint about, or accessing supports and services for sexual violence, will not be asked irrelevant questions during the investigation process by the career college's staff or investigators, including irrelevant questions relating to the student's sexual expression or past sexual history.

Upon receiving a written complaint, AAPS will determine on a case-by-case basis whether it is appropriate in the circumstances to hire a qualified, independent third party to investigate a complaint filed under this Policy.

To the extent it is possible, the Manager of Student Services or the President will attempt to keep all information obtained about an incident or complaint, including identifying information about any individuals involved, confidential except in those circumstances where disclosure is necessary for the purposes of investigating or taking corrective action with respect to the incident, where required by law, where AAPS believes an individual is at imminent risk of self-harm and/or of harming another, or where there are reasonable grounds to believe that others in our community are at risk.

However, in certain circumstances, AAPS may be required by law or its internal policies to initiate an internal or on-campus investigation and/or inform police without the complainant's consent, if it believes the safety of AAPS Members is at risk. 1. **Submission of Appeal:** The appeal must be submitted in writing to the AAPS President within 15 business days of the decision. The written appeal must clearly state the grounds for the appeal and include any new evidence that was not previously considered.
